Alaska National Guard Counterdrug Support Program**FY2002 Request: \$100,000**
Reference No: 31915

The Alaska National Guard (ANG) Counterdrug Support Program (CDSP) currently assists law enforcement agencies which participate in an investigation or prosecution that results in a federal forfeiture, and qualifies to receive a share of the federal funds when forfeiture situations occur. These funds will be receipted and expended in accordance with the U.S. Department of Justice's (USDOJ) guidance, "A Guide to Equitable Sharing of Federally Forfeited Property for State and Local Law Enforcement Agencies". State expenditure of these funds will be made in the area of technological support supplies for this program. Examples of which would be radio equipment and various counterdrug activity commodities.

The State of Alaska, Department of Public Safety manages a USDOJ forfeiture program for their share of these receipts. Their program is budgeted annually for \$100,000 program receipts authority. DMVA requests the same annual authorization amount for CDSP's portion of this program. Authorization restrictions and deferral will be placed on any excess federal receipts authorization until such time that funds are received from USDOJ. It is not known the exact authorization amount that this program will generate at this time due to the nature of the activities. This program is expected to be an on-going program.
